Message from your Member of Parliament

I am honoured that my neighbours in the riding of Milton have chosen me as our voice in Ottawa. I want to thank you for putting your trust and confidence in me. As well, I want to thank Ms. Raitt for her years of service; she's left big shoes to fill. I'm going to work hard to pick up where she left off to ensure that our community's voice is heard and that our needs are met. I spent the last year listening to my neighbours and that's certainly not going to stop. The real work begins now.

My team and I are always available to listen to your comments and concerns and I encourage you to send me an email, reach out over the phone, or drop into our constituency

office on Hugh Lane if there's anything we can do to help you and your family.

In addition to being elected as our Member of Parliament, I am proud to have been asked to serve as the Parliamentary Secretary to the Minister of Diversity and Inclusion and Youth and to the Minister of Canadian Heritage's Sport portfolio, where I will support the great work of Bardish Chagger and Steven Guilbeault.

In all the work ahead of me, serving the people of Milton will always be my first priority and highest honour. As your MP, I look forward to continuing to

meet with as many of you as possible and continuing the conversations we started this past year. Milton, thank you for your support and confidence. I'm going to work hard each and every day to make sure your voice is heard in Parliament.

Middle Class Tax Cut

We know that when Canadians have more money in their pockets, we build stronger communities, create more jobs, and continue to grow a stronger economy. As the very first order of business, our government took steps to lower taxes for middle class Canadians

and people working to join the middle class. This could save a single person almost \$300 a year, provide a couple or a family close to \$600 a year in savings, and nearly 1.1 million more Canadians would no longer pay federal income tax at all.

Investing in Your Family

The bigger, better Canada Child Benefit.

The **Canada Child Benefit is giving your family more money**— up to \$6500 per year, per child.

The average family has now received **\$4,600 more** under CCB than the previous Conservative plan.

The **CCB is tax free.** Just file your taxes to qualify.

Seniors

Seniors can now receive up to **\$1,700 more per year.**

The government **increased** Old Age Security and the Guaranteed Income Supplement to help seniors with the rising cost of living.

Single Canadians

The average single Canadian is now saving \$330 a year through the Middle Tax Cut.

The government has cut taxes for 9 million middle class Canadians, by raising them on the wealthiest 1%.

Environment

An average Ontario family of four will receive a **\$307 Climate Action Incentive payment** through their Income Tax return **this year.**

Climate change is a real threat. **We are taking Action.** We are putting a price on carbon pollution to encourage everyone to pollute less and make cleaner choices.

We are also keeping life affordable for families. **The money collected by the federal government in Ontario is being returned to Ontarians through the Climate Action Incentive.**

Climate Action Incentive payments will be delivered annually to Ontario families when they file their tax returns.

National Housing Strategy

Affordable housing is more than just bricks and mortar. It's about improving the lives of families by relieving the burden of high housing costs, so that they have more money left over every month for groceries, transportation, warm clothing, and the unexpected costs of living.

Our goal is to help people of all ages and backgrounds, from new parents needing a second bedroom for their baby to low-income seniors seeking an affordable home to retire in. The National Housing Strategy is an ambitious \$40 billion plan over a 10 year period. It will help to remove 530,000 families from housing need, create

Getting High Fives from some of the community's smallest.

100,000 new housing units and repair and renew more than

300,000 housing units, and cut chronic homelessness in half.

Constituency Office Services

As a Member of Parliament, one of the most important parts of my job is to help the individuals and groups that I represent interact with the federal government.
